a. Authority. No person will be admitted to the Holding Facility without prior approval as prescribed by SECNAVINST 1640.9, paragraph 301.

b. Confinement Order

(1) No person will be admitted to the Holding Facility without written order of confinement signed by a commissioned officer of the prospective detainee's command. Commanders will prepare confinement orders on NAVPERS 1523 (Rev 1963).

(2) All confinement orders will show in full the offense for which the detainee is accused or convicted.

(3) The officer ordering confinement will arrange a physical examination of the detainee by a medical officer prior to delivery of the individual to the Holding Facility. The results of the examination, signed by the medical officer, will be entered in the "Medical Certificate" portion of the confinement order.

(4) Officers ordering confinement will ensure that the confinement order states whether the detainee is to be detained at the Holding Facility or is to be detained at another place.

(5) Female detainees will not normally be detained in the Holding Facility; it will be the unit's responsibility to provide detention. Should the case warrant, the Provost Marshal can arrange to lodge a female detainee with the San Bernardino County Sheriff's Facility having a capacity of only four detainees; the mere issuance of a confinement order does not assure admittance. The capacity of the Holding Facility will not be exceeded.

c. Pretrial confinees will be given a magistrate's hearing within seven days of confinement in accordance with manual for Court-Martials.

4. Holding Facility, Daily Routine

a. Detainees will be delivered to the Holding Facility located at the PMO no earlier than 1630 and no later than 1800 each day, including weekends and holidays. However, personnel who clearly present a threat to themselves or others will be accepted for detention at any time.

b. Each detainee will be showered and shaved and offered an opportunity to dine by the parent unit prior to detainment in the Holding Facility, each day.

c. The parent unit of the detainee will be responsible for providing qualified escort personnel to pick up and escort detainees to the morning meal (no later than 0630). After the evening meal (no earlier than 1630, and no later than 1800 daily), to include weekends and holidays, detainees will be readmitted to the Holding Facility.

d. The parent unit is responsible to provide escort(s) for church services.

e. Every escort shall have in his possession a valid escort card. Escort classes may be arranged by contacting the SJA Office. Each company size unit will maintain three school trained prisoner escorts and only individuals selected in accordance with SECNAVINST 1640.9, paragraph 205. If detainees arrive at the PMO with escorts who do not have valid escort cards, the detainee will not be accepted. SNCOs are not required to have escort cards.

f. Detainees who are to be held for a short period of time in the Holding Facility will not be required to have any extra clothing or money if they are not being transported to a confinement facility.

5. Release from Holding Facility

a. Once detainees are admitted to the Holding Facility, their release will be effected only by the authority of their commanding officer or the Provost Marshal.

b. The Provost Marshal will authorize final release of a detainee only when:

(1) Directed by the detainee's commanding officer or his designated representative (i.e., Officer of the Day).

- (2) The reason for detention no longer exists.
- (3) To make room for a more violent detainee.
- (4) To transfer the detainee to a confinement facility.

c. Confinees released from the Camp Pendleton Correctional Facility, destined to return to the Combat Center, cannot be returned on short notice or for periods of one day or less due to time and transportation limitations. All confinees returned temporarily to the Combat Center will be cared for by their parent unit in accordance with paragraph 4 of this Chapter.

6. Transportation to Camp Pendleton Correctional Facility

a. Camp Pendleton Correctional Facility runs are unit responsibilities.

b. The parent unit will have confinees prepared to depart Bldg 1514, SJA Office, no later than 0830 on the day requested. Confinees will not be transported unless they have the items listed in paragraph 11 of this Chapter.

7. Documents Required For Confinement at the Camp Pendleton Correctional Facility. Confinees being transported to Camp Pendleton Correctional Facility must have a confinement order and physical examination dated not more than 24 hours prior to the time of admittance to the Facility. Confinees must also have their medical and dental records in their possession.

8. Unit Responsibilities. The detainee's parent unit shall remain responsible for acting upon all requests made by detainees to include emergency leave, all correspondence, and visitation.

9. Public Information. The Public Affairs Officer is responsible for all news releases in accordance with current directives.

10. Security, Custody, and Control

a. Detainment Space. All detainees will be confined in the same space. If it becomes evident that the detainees will endanger each other, the least belligerent detainee will be returned to their parent units for safekeeping.

b. Control of Special Detainees

(1) Detainees will not be confined with other detainees if they have been involved in homosexual acts involving force, which would indicate that segregation may be required for personnel protection or the protection of others.

(2) Upon examination of a possible suicide risk, a medical officer will determine whether the detainee can safely be detained in the Holding Facility. If a detainee is determined to be a suicide risk and cannot be safely detained in the Holding Facility, the detainee will be detained at the Branch Hospital.

c. Weapons

(1) Unit detainee escorts will be armed with a night stick only.

(2) Weapons will not be taken into the Holding Facility, except to quell a riot or to protect a staff member or detainee.

d. Contraband. Any article not issued to a detainee or authorized for use is contraband and will be confiscated from the detainee. Searches will be conducted as prescribed in SECNAVINST 1640.9.
